PROPERTY DESCRIPTION

Welcome home to this charming colonial farmhouse with three bedrooms, two full bathrooms and an open floor plan for plenty of space. The household chef will love the country style kitchen boasting cathedral ceiling, pantry and center island. Find a delightful sun-lit eating area in the kitchen complete with chandelier center piece and built-in China hutch. Easy access to the covered porch makes for great entertaining after meals.

Wood burning stove with stone surround adds warmth and comfort to the living room and a beautiful bay window brings in natural light. For even more living space, hardwood flooring leads you to the den featuring built-in cabinetry. A fully carpeted master bedroom boasts a walk in closet and en suite bathroom with double sinks and its own linen closet. Special touches throughout like the charming window seat at the top of the stairs or the original woodwork in the foyer really make this home one of a kind.

Added bonuses include a first floor laundry room, a basement, a backyard shed, a new roof, and a new furnace and c/vac. The meticulously landscaped yard touting pretty perennials, a peach tree, a cherry tree and a covered front porch from which to enjoy the gorgeous views truly makes this country living at its best.
