PROPERTY DESCRIPTION

This charming center hall colonial is looking for its perfect owner. With three bedrooms, two bathrooms and a formal living room and family room, there is enough living space for all. Hardwood flooring, crown molding, and a wood mantel fireplace are just a few of the sophisticated features that greet you upon entrance to the formal living room.

The household chef is sure to love the large, sun-lit kitchen. It comes complete with all of the necessary kitchen amenities, plenty of maple cabinetry, overhead lighting, and a breakfast area open to sliding glass door access to the deck. Guide guests next door to the attractive formal dining room boasting chandelier lighting, crown molding and built in shelving with glass doors. The room where all will gather for rest and relaxation is the first floor family room. Here, skylights grace the ceiling to let in streams of natural light from all angles and there is direct access to the backyard.

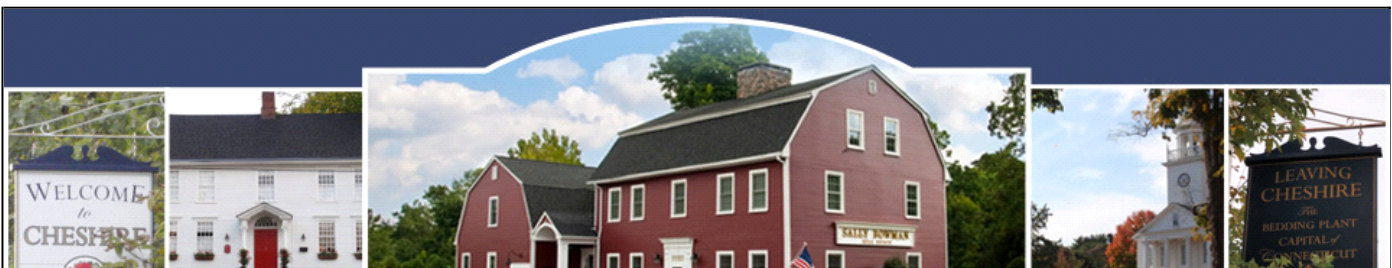

Upstairs, find a generously-sized master bedroom and two other bedrooms - one of which has hardwood flooring. Come summer, you will be itching to get outside in this enchanting and private backyard, fully fenced and filled with flowers and greenery, as well as a shed for storage. Enjoy it all from the oversized deck with drink in hand and umbrella overhead. On top of it all, it is ideally located close to Yale and New Haven CC. This one will not be around for long!
